

Chemical Emergencies & Related Information

The Deer Park Community would like to offer the following resources of information in the event of a chemical emergency and other related information:

www.deerparklepc.org - The Deer Park Local Emergency Planning Committee is composed of industry representatives, city and school district officials, police and fire personnel, and interested citizens whose goal is to prevent emergencies, and to prepare the community to best protect itself in the event a chemical emergency occurs. Please refer to this web site for “what to do in case of a chemical emergency.”

www.deerparkcac.org - The Deer Park Community Advisory Council is a forum for open and frank mutual exchange of ideas between industry and community. Comprising representatives of the local community and industry, the group engages in frequent dialogue to develop a shared understanding of the interdependency of industry and community.

www.ehcma.com - The East Harris County Manufacturers Association is a nonprofit professional association of chemical manufacturers, refiners, and supporting distribution and terminal facility managers in east Harris County. Their mission is to promote the health, safety, environmental, and economic well-being of the area communities and industries.

www.cimatexas.org - The Channel Industries Mutual Aid is a nonprofit organization combining the firefighting, rescue, hazardous material handling and emergency medical capabilities of the refining and petrochemical industry in the Houston Ship Channel area. This organization provides cooperative assistance and expertise for all kinds of emergencies, both natural and man-made.
